SCARAB[®]

2022 PRODUCT INFORMATION GUIDE

INNOVATIVE FEATURES

- A** **CLOSED-LOOP ENGINE COOLING** protects the engine from harmful salt, gunk and corrosion by cooling it with clean coolant like a car. Like your car, every Scarab has a thermostat to ensure optimal engine temperature for engine reliability.
- B** **DRIVE SHAFT SLEEVE** helps prevent the problem of wrapping debris, such as tow ropes and weeds, around drive shaft. Other systems can only try to fix the problem after it occurs.
- C** **LATERAL THRUST CONTROL** delivers quicker reverse. Unlike other boats, which feature a small, plastic reverse gate, our aluminum reverse gate offers unmatched low-speed maneuverability to make docking a breeze.
- !** **iNR (INTELLIGENT NEUTRAL & REVERSE)** A game changing feature for jet propulsion. iNR system allows you to adjust your boat's neutral speed on-the-fly greatly increasing low-speed maneuverability. The iNR system also delivers smooth, predictable deceleration when shifting to reverse while underway.

2022 LIMITED WARRANTY FIBERGLASS BOATS & TRAILERS

Rec Boat Holdings, LLC dba Scarab (“Scarab”) warrants to you, the first North American retail purchaser of this 2022 model year Scarab boat and/or trailer or a second North American retail purchaser as noted below (“you”), that it will repair or replace, at its sole discretion, defects in materials or workmanship that occur and are reported to Scarab, or its factory authorized dealer, within the applicable limited warranty periods, subject to the terms, conditions and exclusions set forth below. Your acceptance of delivery of the warranted Scarab boat and/or trailer constitutes your acceptance of the terms of this limited warranty. This limited warranty gives you specific legal rights and you may have other rights which may vary from state to state.

This limited warranty is the sole and exclusive express warranty from Scarab regarding your 2022 Scarab boat and/or trailer and there are no express warranties which extend beyond those outlined in this limited warranty. There are no implied warranties from Scarab, unless otherwise required under applicable law, and ALL IMPLIED WARRANTIES (INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE) ARE EXCLUDED AND DISCLAIMED WHERE ALLOWED BY APPLICABLE LAW. ANY IMPLIED WARRANTIES (IF APPLICABLE) ARE LIMITED TO THE MINIMUM PERIOD OF TIME ALLOWED UNDER APPLICABLE LAW. Some states do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you.

COVERAGE UNDER THIS LIMITED WARRANTY:

Trailer Limited Warranty: The limited warranty period runs for one (1) year for defects in trailer components, except as noted below.

Exterior Cosmetic Gel Coat Limited Warranty: The limited warranty period runs for one (1) year for defects in the boat's exterior cosmetic gel coat, including cracking, crazing, discoloring and fading, except as noted below.

Non-Structural Parts And Components Limited Warranty: The limited warranty period runs for three (3) years for defects in the boat's non-structural parts and components, except as noted below. All Non-Structural Hull and Component warranty repairs are subject to a \$100 deductible per warranty claim for years 2 & 3.

Osmotic Hull Blister Limited Warranty: The limited warranty period to the first North American retail purchaser runs for five (5) years, except as noted below, for osmotic Hull (defined below) blisters on the boat, which are defined as blisters larger than 1/8" diameter and with a depth of 1/16" or greater, which occur on the boat Hull below the waterline. This limited warranty is not transferrable to a second North American retail purchaser.

If the boat is bottom painted or left in water for more than sixty (60) days in any ninety (90) day period, this limited warranty will only apply if a marine barrier coating with proper surface preparation is applied to the boat Hull before it is bottom painted or left in water for more than sixty (60) days in any ninety (90) day period.

WARRANTY

In the event of osmotic blistering, Scarab must approve of any repairs, and their method and cost, before the repairs are performed, for this limited warranty to apply. Once any repairs are completed, a marine barrier coating will be applied to the affected Hull surface area(s).

Repairs under this osmotic Hull blister limited warranty are limited to one time. Any repair costs covered under this limited warranty are limited to labor and materials only. They will be paid on a prorated basis, according to the schedule outlined below. The repair costs cannot exceed \$150 (US) per foot of boat length prior to the prorating outlined below:
